

365: implementing team science in a British University

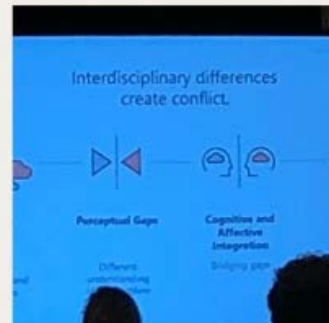

Ruth Norris

Head of Strategic Relations

Connected Health Cities / Centre for Health Informatics

The University of Manchester

Turns out Team Science is a THING!

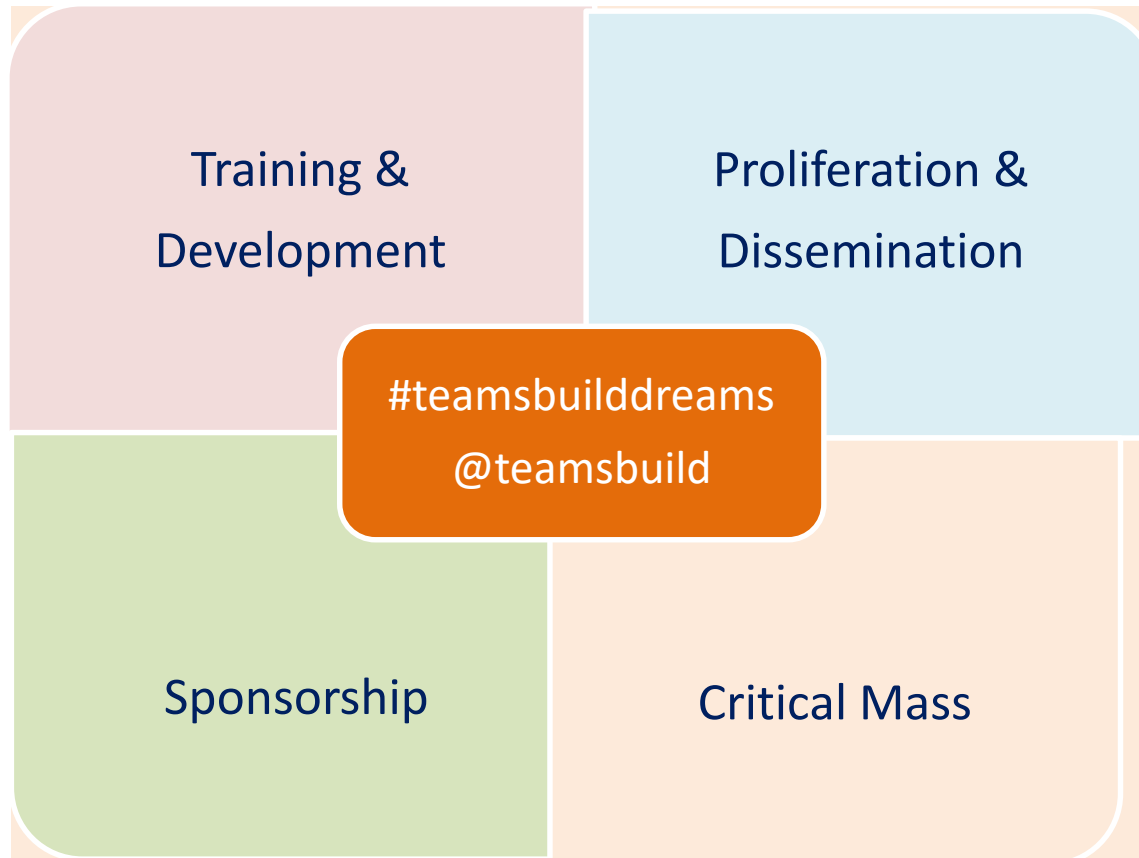

Our Vision

Bring On... Team Science Network

Catalysed by SciTS 2018. Created traction from funders, influencers and adopters.

Objectives

- *increase quality and quantity of research outputs & impact*
 - *improve diversity & inclusion in research*
- *create frameworks that reward & recognise contributions of non-traditional roles*

i. Sponsorship (*advocacy, sponsorship, culture change*)

Use relationships with influencers and agents of change to champion the creation of a TS network, embed principles within research; advocate for operational & policy change to support a TS model.

ii. Proliferate & Disseminate

Utilizing existing and new networks to raise TS profile, acceptance and adoption.

**Australian Institute
of Health Innovation
(AIHI)**
Centre for Health Informatics

iii. Train and Develop

Create evidence-based, innovative opportunities to support new ways of working & develop TS specialists

**Manchester
Biomedical Research Centre**

iv. Critical mass

Creating an empowered, credible team, with the theoretical and applied knowledge to lead the organization to TS adoption at scale.

The image shows a screenshot of a Twitter profile for **TeamsBuildDreams** (@TeamsBuild) and a tweet they retweeted. The profile bio states: "Championing team work and parity of esteem for all contributors for better results in research #teamsbuilddreams #teamscience @chcnorth @Officialuom & beyond". The tweet is from **Kate Norris** (@minichuckster) and is about "Exciting things coming in prehospital stroke management. A subject close to my heart. #ParaCon19". The tweet content includes a slide titled "Pre-hospital stroke assessment: The next 5 years" with speakers **Lisa Shaw** (Principal Research Associate, Stroke Research Group) and **Chris Price** (Clinical Reader in Emergency Stroke Care). Logos for Newcastle University and Stroke Association are visible at the bottom of the slide.
